**Name of the Event:**     Plantation Drive

**Date of the event**             : 28<sup>th</sup> July 2023

**Brief Details About The Event**

On 28th July 2023, as part of the Azadi Ka Amrit Mahotsav Meri Mati Mera Desh program, a tree plantation drive was organized on the college campus and adopted village Hanoda. During the plantation event at the college, the principal, Dr. D. B Tiwari, and Deputy Director, Dr. Mamta Singh, were present. Planting shade-providing and fruiting trees is an effective way to combat rising temperatures while enhancing the environment's natural beauty. These trees not only offer cool, shaded spaces but also produce fruits that benefit both humans and wildlife. They help improve air quality, conserve water, and reduce soil erosion, making them vital for ecological balance. Moreover, such plantations contribute to food security and provide economic opportunities for communities through fruit harvesting. Shade providing and fruiting trees were planted around the newly constructed pond in village Hanoda, where the Sarpanch, Mr. Tej Ramchandra, also participated. Total 35 volunteers took part in the entire event.

**Outcome Achieved:**

- Plantation efforts lead to cleaner air by absorbing carbon dioxide and releasing oxygen, helping to combat climate change.
- They improve soil fertility and prevent erosion, ensuring sustainable agricultural practices.
- The greenery enhances biodiversity, providing habitats for various species and promoting a balanced ecosystem.
- Additionally, plantations contribute to economic growth by offering resources like timber, fruits, and medicinal plants, while also creating job opportunities in maintenance and harvesting.
